

## A Message From the Director

### Greetings from Your WDVA Director - David Puente

We want to thank the Seahawks and Boeing for their continued support of YesVets and many other veteran-related programs in the state.

*YOUR* Washington Department of Veterans Affairs and dozens of other resource providers and more than 70 employers came together to hire more than 60 veterans during this year's Seahawks Military Hiring & Resource Fair, held at Lumen Field on May 23rd.

This free event for military members, spouses, and their families provided numerous opportunities for attendees to learn more about their earned benefits and find their next job or career!

During the event, your WDVA was available with numerous program information and opportunities, with our Veterans Benefits Specialists, our Digital Navigator Program, Military Spouse Liaison, Vet Corps representatives, employment recruiters, our Apprenticeship program, and even provided delicious food with the assistance of several Certified Veteran Owned Business Food Trucks onsite as well. Several military vehicles were also on display for job seekers to check out while visiting the food trucks.

We want to thank the Seahawks, Boeing, Seahawks General Manager John Schneider (who also received the first-ever YesVets Military Champion Award), and all of the volunteers, employers, and resource providers for making this a successful event! Mark your calendars for November 7th for the upcoming Seahawks and YesVets virtual hiring event to take place during the Seahawks' Salute to Service Week of events.

June is **Pride Month**, and your Washington State Department of Veterans Affairs wants to join the nation in recognizing LGBTQI+ veterans and service members.

It is estimated that there are a little more than 1 million LGBTQI+ Veterans in the United States. Since the Don't Ask, Don't Tell Repeal Act of 2010, surveys have found that more than 5% of active-duty service members identify as part of the LGBTQI+ community.

Beginning in 1999, four U.S. presidents officially declared June as Pride Month – President Bill Clinton, President Barack Obama, President Donald Trump, and President Joe Biden. The 2023 White House proclamation for Pride Month can be found [here](#).

### Washington State Department of Veterans Affairs to Open their First On-site Nursing Assistant Academy

The Washington State Department of Veterans Affairs is proud to announce the creation of the first WDVA Nursing Assistant Academy. The training center is in O’Connor Hall on the grounds of the Washington Soldiers Home and will allow the agency to efficiently train and retain direct care staff who are vital to the operation of the State Veterans Homes.

With a nursing assistant vacancy rate of 23.5% across the four State Veterans Homes, WDVA was unable to open beds to Veterans and families who needed rehabilitative or nursing home care. ### VA hires at record rates to deliver care and benefits to Veterans

This year, VA has hired employees at record rates to help better deliver world-class care and benefits to Veterans, their families, caregivers, and survivors.

The Veterans Health Administration increased its total workforce by 13,627 (3.6%) between October 2022 and April 2023, the highest growth rate for VHA in over 20 years. The Veteran Benefits Administration hired 4,120 employees during the same time period, the highest growth rate for VBA in 15 years. VHA now has 393,500 employees, and VBA now has more than 28,000 employees for the first time ever.

This hiring push will help VA continue to deliver more care and more benefits to more Veterans than ever before. It will also help VA implement the [PACT Act](#), the largest expansion of Veteran care and benefits in generations.

Many Veterans, their families and survivors have filed claims related to a new law that expands VA health care and benefits for Veterans exposed to burn pits, Agent Orange, radiation and other toxic substances—the [PACT Act](#). It also added more health conditions that VA will presume are caused by exposure to these substances making it easier for beneficiaries to access VA benefits and services.

### PTSD Awareness Month

In 2010, the U.S. Senate declared June 27 to be National PTSD Awareness Day. However, in 2014, it designated the whole month of June to be observed as National PTSD Awareness Month.

PTSD is a mental health problem that some people develop after experiencing or witnessing a life-threatening or traumatic event. If symptoms last more than a few months, it may be PTSD. The good news is that there are effective treatments.
