

The Faces of AGENT ORANGE

Over 40 years after the Vietnam War the legacy of agent orange remains with the children and grandchildren of Vietnam Veterans.

We want to hear your stories that can relate to other Veterans.

Town Hall Meeting

Friday, September 19, 2014 at 1:00-4:00 pm

St. Luke's Community Health Education Center
3333 Squalicum Parkway, Bellingham, Washington
(East of St. Joseph's Hospital)

Purpose:

- Outreach to all affected Veterans and their families.
- Outreach to health practitioners and disability related service agencies.
- Medical care for affected children and grandchildren.
- A fresh approach to research.... With legislative support.
- Direct service to Veterans and their families in their communities.

Featured speaker Nancy Switzer, founding National President of Associates of Vietnam Veterans of America (AVVA), is an outspoken advocate for veterans suffering from effects of agent orange and the impact on their families. She is the Chairman of the AVVA Agent Orange Committee and is also a longtime adviser to the Vietnam Veterans of America (VVA) legislative and health committees.
