# Veteran Linked Deposit Program

*"Providing Affordable financing for Veteran and Servicemember Owned Businesses"*

## WHAT IS IT?

The Washington State Veteran Linked Deposit Program improves access to capital for certified Veteran and Servicemember owned business enterprises by decreasing interest rates on small business loans up to 2%!

## WHO QUALIFIES?

Any firm currently certified by the Washington State Department of Veterans Affairs (WDVA) as a Veteran or Servicemember Owned Business is entitled to the Linked Deposit benefit. Any business related loan carried by a certified firm, and made by a participating lender, is eligible for enrollment in the program. A firm must be certified by WDVA before their business loan can be enrolled in the program.

**For Veteran Business Owners:** WDVA is partnering with the Federal Center for Veterans Enterprise and their [VetBiz](#) registry. Veteran Owned Businesses must register on VetBiz and the [WDVA Veteran/Servicemember Owned Business Registry](#) in order to complete the certification process.

**For Servicemember Business Owners:** Call WDVA at 1-800-562-0132 opt '1' to find out more about the certification process.

To learn more about certification and eligibility criteria visit the [WDVA Veteran and Servicemember Owned Business Registration Page](#).

## WHAT TYPES OF LOANS QUALIFY?

- Types of qualifying loans: Any commercial financing made to the certified firm, e.g., lines of credit, financing of accounts receivable, working capital, equipment purchases, and real property acquisition.
- \$1 million per-loan limit; ten year maximum term.
- Interest rate: up to two percentage points below the market rate for a similar loan.
- Firm must satisfy its bank's financing/loan criteria.

## HOW DOES IT WORK?

The **Linked Deposit Program** “links” the State’s short-term surplus fund deposits to the commercial loans that financial institutions make to certified Veteran and Servicemember owned business enterprises. The State Treasurer is authorized to use up to \$15 million of these funds to purchase certificates of deposit in an amount equivalent to the amount financial institutions loan to certified Veteran and Servicemember owned business enterprises. Up to *two percent* of the interest that is earned on these certificates of deposit is used to reduce the interest rate that would otherwise be charged to a certified business for its financing.
