

February 12, 2016

We are writing to invite you to attend and participate in an event promoting the hiring of Vets in our two-county area on February 22 at 12:00 pm in the Skyline Hospital event space, 211 Skyline Drive, White Salmon.

The Chambers of Commerce are working with Rep. Gina McCabe in making the goals of her successful 2015 legislation, H.B. 2040, come to life through the Yes Vets program. Developed in coordination with the Washington Departments of Veterans Affairs and Employment Security, Yes Vets recognizes local employers who hire veterans with a decal. The current version of the Yes Vets decal and poster are attached.

Initially, implementation will begin in Skamania, Klickitat, and Yakima counties. The February 22 rollout will be part of a media outreach effort that stresses hiring vets is good for the country and good for business.

Having your participation from the outset will be a huge help in making this rollout a success. We hope you or a representative will be able to attend the February 22 event and be a part of making the intent of H.B. 2014 a success through the Yes Vets effort.

To get additional information or to RSVP, please contact Dana Peck at 509-773-3400 or execdir@goldendalechamber.org.

Thanks.

Representative Gina McCabe
