RE : Korean War Veterans Thanksgiving Ceremony

The Washington-Tacoma Korean American Association is hosting its **memorial event on June 23, 2018.**

I politely invite you to this event. It would be an honor for you make time in your busy schedule and attend.

The ceremony was first celebrated 65 years ago as a result of the Korean War on June 25, 1950. The damage to the United States of America was enormous, there were fatalities of 33,866 people, 3,737 missing and 4,439 prisoners of war. For 65 years the suffering and sorrow of the families were comforted by the recognition from the Korean people. The Republic of Korea has made remarkable developments based on their sacrifice. Koreans have an opportunity to express their gratitude for the noble sacrifice and dedication of the veterans, commemorating the successful meaning of the Summit, and June 25, 2018.

It would be an honor for WATAKA to have you as one of our guests.
