

WDVA IMPLEMENTATION OF SUICIDE PREVENTION LEGISLATION *LISTENING SESSION #1*

**3:30PM-4:15PM
MONDAY, JUNE 27**

www.eventsquid.com/event/17350

On June 9th, 2022 Engrossed Second Substitute House Bill 1181, also known as Suicide Prevention – Veterans and Military Members, took effect as law. This bill creates various support for Military and Veteran suicide prevention through easier access to resources and online education/training as well as creating an account to invest in current evidence-based/promising practices within the community through a grant program. We are offering a series of three (3) listening sessions to hear feedback from the community and provide information regarding the implementation and applications of E2SHB1181. Each listening session will revolve around a topic pertaining to a section of the bill. We invite you to come with your questions and feedback for our team to ensure collaboration!
