DEPARTMENT OF VETERANS AFFAIRS**

Washington Veterans Home • 1141 Beach Drive E • Port Orchard, Washington 98366 • (360) 895-4700

October 4, 2024

Dear Residents, Families, and Resident Representatives,

This letter is being sent to provide you with updated information on the COVID-19 status in our Home.

We are working closely with the local Health Department, Centers for Disease Control, Centers for Medicare, and Medicaid Services (CMS), and our State Department of Health and following their guidance and recommendations to ensure we are safeguarding our residents and staff.

Currently we have 3 residents who have tested positive for Covid. We will be taking the follow precautions:

1. Extra cleaning will be performed on the affected units.
2. Staff will monitor residents for signs and symptoms of COVID and test any resident with symptoms on days 1, 3, 5, and then every 3 to 7 days until 14 days have passed since the last (+) case was identified.
3. Staff working with the positive resident will monitor themselves for signs and symptoms of COVID.

Modifications/Guidelines to Visitation, Group Activities, and Dining Rooms:

- For the safety of the visitor, in general, residents/patients are encouraged to limit in-person visitation while they are infectious. There is a risk that you contract COVID-19.
- Visitors should not visit the facility until 10 days after a COVID-19 illness.
- Our Housekeeping, Maintenance and Laundry departments are also working hard throughout our facility, ensuring equipment and linen are kept clean and sanitized. Our housekeeping team provides continuous disinfections of all the most touched surfaces within the building along with the daily cleaning, sanitation, and repair routines that they provide.

Outbreak status will continue until fourteen days have passed from the most recent staff or resident positive result.

We will continue to monitor and test staff and residents according to the guidance from our local health jurisdiction. In addition, staff are asked to report any symptoms that occur after coming to work.

Vaccine Information

We encourage all residents, staff, and community members who are able and eligible to be vaccinated to consider getting vaccinated for COVID-19, Influenza, and RSV. Please contact your physician or area pharmacist.

Healthcare Setting COVID-19 Outbreak Definition:

2 or more COVID-19 case(s) which originated in the veteran's home in a resident OR 2 or more COVID-19 cases in Healthcare Personnel linked to facility exposure. Plus 1 Resident.

Additional information can be found at www.dva.wa.gov/covid, or by calling us at 360-895-4700.

Sincerely,

Matthew Lysobey
Superintendent
