

VETERANS!

Did you know the Oregon Department of Corrections (DOC) has a partnership with the Veterans Affairs (VA) for an On-The-Job Training Program?

If you are a veteran who was hired recently, you might qualify to receive education benefits through the VA. The correctional officer 12-month trial service period has been approved by the VA as a qualifying On-the-Job Training program.

In other words – you may be eligible to receive a check each month from the VA – in addition to your DOC paycheck!

If you are interested, and think you are eligible to receive education benefits through the VA, email the program coordinators, Cynthia Rodriguez or Stephanie Johnston

Please take advantage of this great program we offer to our Veterans!
